

A unified approach to student support services and early intervention

FOR STUDENTS

No student wants to fail, but they do need simple and actionable ways to succeed. Insight gives these to students via access to a tutor network, quick and easy appointment scheduling, the option to chat virtually with advisors and more.

Insight has helped over 750,000 students excel by providing academic advisors with a comprehensive toolset for ensuring student persistence and retention - from early intervention alerts for academically at-risk students to the data reporting capabilities critical for analyzing student and institutional progress.

WHAT OUR CLIENTS ARE SAYING

“This scheduling system has been a way for students to manage and schedule appointments during the times that they are thinking about it. If a student thinks about scheduling an appointment at 10pm, they can do it.”
