

Connect students & alumni & advance engagement within your school's community

FOR ALUMNI & GRADUATE/ LAW STUDENTS

Graduate students, law students and university alumni use Community's features, like its online directory and easy integration with Facebook & LinkedIn, to build and maintain professional networks. They can also use Community to easily make donations to their alma mater.

Over 1,000,000 students worldwide use Community to connect

FOR STAFF

Foster engagement and networking in your campus community – empower students to control their own organizations while monitoring all activity from an administrative level. Community enables you to collect student feedback through elections, polls, surveys and forums, while its powerful reporting tools allow career services staff to analyze data points like participation rates and the GPAs for roster lists. Community is also instrumentally valuable in staying connected to alumni after they've graduated.

FOR UNDERGRADUATE STUDENTS

Community allows students to manage their own extracurricular organizations, from registration and funding requests to event organization and advertising. Students' resumes will also benefit from Community's ability to let administrators create a complete co-curricular transcript for each student.
